**SUMP PUMP INFORMATION**

**City Ordinance 3-2-5 (B)** requires sump pumps to outlet to the outside of the house and not into the sanitary sewer system (floor drains, sinks, etc.). Sump pumps that outlet to the sanitary sewer system cause added flow to the sanitary system which can cause sewer backups in your home and the homes of your neighbors.

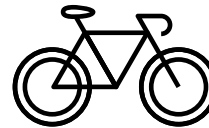

**BE CAREFUL WHAT YOU FLUSH**

The City would like to remind residents of items that should **NOT** be flushed down the toilet. The label might say "flushable," but disposable wipes and other products are clogging sewer pipes and damaging pumps. Please help keep Storm Lake beautiful and clean by **never flushing the following items down the toilet:**

- Baby Wipes
- Feminine Products
- Grease/Oil
- Diapers
- Condoms
- Hair
- Wet Wipes
- Cigarette Butts
- Cat Litter
