Boxes are halved to allow for 18 holes.

Disc Golf is played just like ball golf but a disc is used instead of a ball. Scoring is kept the same as in ball golf. Every hole has a par. Once you can complete each hole within the designated par, for an added challenge, you can play the course with every basket having a par of 3.

OBJECT: Have fun and play the course from beginning to end with the fewest throws. **TEE OFF:** The first shot of the hole must be made from the concrete pads. **LIE:** The spot where the disc lands. **THROWING:** You must throw from where your disc lands. You CANNOT step in front of the lie of the disc. You MAY step 1 step to either side (with one foot on the spot where the disc landed) for a better view of the basket. You MAY take 3 steps up to the point of the lie before releasing your disc on the next throw. **COURTESY:** Do not throw the disc if there are golfers at the basket in which you are throwing at. **OUT OF BOUNDS:** You must add 1 stroke to your score and throw from the point where the disc entered out of bounds OR you must throw your disc from where it lies out of bounds with no additional stroke. (Out of Bounds would be the baseball field on 1 and 2, the tree line on 3, 5, 6, and 7, and the street on 8 and 9.)
